4. Chairman's Report on Matters Arising from 30 October (not on the agenda)

18/11/197

16/170 Gorley Road Overhanging branches & 18/06/105 Road Repairs Pigeon House Corner. These matters have been reported to Hampshire Highways, work orders have been raised under a closure and landowners have been written to.

16/196 Cattle Grid at Rockford. The works at this location have started, however some of the work has been identified as needing to be carried out on private land. Scheduling a meeting this week with the landowner, then the scheme can be completed.

17/05/81 Speeding & Signage at Linwood - on agenda.

17/06/103 Blashford Bus Shelter. Chased Oakcraft for date, and landowner to re-confirm their agreement. Awaiting responses.

17/10/186 & 18/06/111 Information Boards & Red Kiosk. A Saturday morning event is being planned at the red kiosk, New Road: further details to follow.

17/11/205 Use of ehipc Email. Cllrs Lane and Taylor were reminded to action asap.

18/01/17 Dockens Water SSE Repairs. Outcome of planned repair works awaited following EA's concerns.

18/02/32 Ellingham Drove Speed Limit - on agenda.

18/03/48 & 18/05/93 Alderholt Road Concerns. Works to this road cannot be included within the Community Funded Initiative scheme, however works are planned by HCC Highways as follows:-

'The haunching works are in the process of being planned. A road closure will be required for the works to take place but I'm afraid there is no date for this as yet. The road markings will be refurbished once these works are completed as part of the scheme. There are no plans for verge strengthening as part of this scheme. The haunching works will go some way to repairing the rutting at the haunch repair sites. The provision of grasscrete is costly and additional verge strengthening is not a high priority for funding at this

time. It is worth noting that grasscrete, although not intended as carriageway widening, will improve conditions for larger vehicles that overrun the road edges.'

18/05/94 Easement at Redwings, South Gorley. Clerk is chasing the solicitor for an appointment.

18/07/133 Bringing together the Parish. On agenda.

18/07/134 Bench at Moyles Court. Clerk awaiting date to meet on site with Natural England to discuss potential bench location. *Post meeting: date agreed of 18/01/19.*

18/07/136 Permissive Path at Mockbeggar. Unfortunately the Somerley Estate have responded advising they will not consider opening this path.

18/07/137 South Gorley gravel verges. Clerk awaiting date to meet on site with Natural England to discuss dragon's teeth to define each corner at the top of the triangle to prevent over-running and encourage the verge to regrow. *Post meeting: date agreed of 18/01/19.*

18/09/160 Plover's Barrow manure heap. No response from EA or NE yet. **Clerk to chase.**

18/10/176 Almshouses' AGM – Cllr Sampson will investigate the benefits of the Trust with the other trustees.

18/10/179 - Parish Council Noticeboards. Clerk to investigate the cost of printed name boards, instead of individual lettering.

18/10/180 Roads/Footpaths: Clerk chased the Rights of Way Office for an update on reported issues with FP1.

18/10/183 - Neighbourhood Email Alert System – potential volunteers - on agenda.

5. Public Forum

18/11/198

A resident representing the Harbridge Protection Society (HPS) addressed the councillors regarding concerns of the current state of the Alderholt Road, largely a result of the speed and type of traffic using it (HGVs). Concerns were also raised about the proposed 1000 new homes in Alderholt and the additional pressure this will have on these rural roads. The HPS is looking to request speed limit reductions in the area and seeks the Parish Council's support. They are liaising with the police, CEMEX, Hampshire County Council Minerals department, Alderholt Parish Council. HPS will keep EH&I informed, and Cllr Thierry so he can liaise with HCC Highways.

 - Amies Corner, Linwood: advance bend warning signing, SLOW road markings, carriageway edge lines, new larger chevron signs £2,000.
 - Appleslade Bottom to 'Ravens Nest': SLOW road markings and repeater markings, carriageway edge lines £400.

Cllr Spark proposed to commit to all schemes at an estimated cost of £5,900. Seconded by Cllr Stainton-Burrell. All in favour (9).

- iv. Site suggestions for Animal accident silhouettes The clerk explained the silhouettes are not permitted to be on the open forest, so other suggested sites are: on the ha-ha at Moyles Court School, Cross Lanes before the cattle grid, Hockey's Farm Shop, National Trust car park at Rockford.

10. Community Matters

18/11/211

He reminded the clerk he has grant funds available should the parish apply. **Clerk to action**.

The date the NFDC Local Plan is before the inspector is currently unknown.

The absence of yellow high visibility posts at Ellingham Cross roads was raised, as other junctions have them, and they could improve the safety of this area. **Clerk to investigate**.

14. Correspondence

18/11/215 – Further to recent correspondence delivered directly to councillors by a resident concerning the resident's allegations about a councillor's breach(es) of the Code of Conduct, and calling for the councillor to be removed from office, Cllr Errington reiterated to members that the Parish Council does not have this authority.

Cllr Errington clarified that any complaint against a councillor whilst acting in their capacity as a councillor should be directed to the NFDC Monitoring Team, not the Parish Council. In this instance, the Monitoring Team had determined that there was no case to answer following the resident's complaint to them in January 2018.

All members were happy with the correspondence received from the Clerk about this matter. The complaints are not relevant to the Parish Council, as the complaints are of a personal matter.

The complainant was invited to address the Council but chose not to discuss the matter further. Cllr Errington advised the matter is now closed.

The meeting closed at 9.29pm.
